

CARE AND CLEANING SUGGESTIONS FOR THE THERMOFOIL SURFACES OF YOUR DWYER KITCHEN

- ◇ Clean your thermofoil doors with mild soap and water, mild kitchen or glass cleaning products, or denatured alcohol.

- ◇ DO NOT USE ACETONE.

- ◇ Avoid harsh household cleaners and abrasives. Always check the active ingredients of your cleaners to be sure there are no potentially harmful chemicals.

- ◇ Dwyer Kitchens is not responsible for any damage done by abrasive cleaning products.
