Best of Cervitor now part of Dwyer

Wood Dale, Ill. – May 29, 2007 – Dwyer Kitchens is pleased to announce that the best of Cervitor Kitchens is now available exclusively from Dwyer.

Dwyer, the leader in compact kitchens for both residential and commercial applications, has acquired key Cervitor assets in order to round out its product line. Dwyer now offers the largest selection of small-space kitchens on the market.

“By acquiring the best of Cervitor, we’ll be able to offer our customers more choices and more innovative designs—just another example of Dwyer’s dedication to the market,” said Clay Jacobs, president of Dwyer Kitchens.

The expanded product line also will enable Dwyer to take advantage of greater purchasing power – and pass along these savings to customers.

ABOUT CERVITOR –

Since its founding in 1961, Cervitor Kitchens, Inc., headquartered in El Monte, Calif., has manufactured compact kitchen units, refrigerated wet bars and specialty refrigeration products for retirement facilities, military quarters, student dorms, hotels, medical facilities and many other commercial markets. Cervitor has been a leader in innovative design, saving space and limiting power requirements for users in the United States and abroad.

ABOUT DWYER –

For more than 80 years, Dwyer has provided flexible, high-quality kitchen solutions that make the most of small spaces. Specializing in a variety of commercial and residential applications, we supply a wide array of full-service kitchens, nourishment stations and cabinets that combine space efficiency with performance and style. Dwyer offers cabinets that are KCMA and GREENGUARD Indoor Air Quality certified and configurations designed to meet the needs of the student housing, assisted living, military, public housing and healthcare markets. Visit www.dwyerkitchens.com.

Dwyer Kitchen/Bath Cabinets meet HUD Standards, “Directive 4910.1 ¶ 611-1.1”
